Comments related to Intervention and/or Cessation (Question 3)

Through the grant, an intervention class is being offered to all county middle school students to earn back demerit credits or in lieu of suspension. This year, the program was advertised heavily, but there were not enough registrants to run the class. The instructor agreement is for a minimum of 5 students in order to allow adequate student engagement with the class activities. The class will continue to be advertised and offered throughout the course of the grant.
