Comments regarding question 24:

none

2012/13 Tobacco-Use Prevention Education (T.U.P.E.) Competitive Grant Annual Report

Comments regarding question 27:

White is still left off the list and FJUHSD served = 2

Comments regarding question 29:

The number identified and served were written as the same number, regardless if the student was "served" for a week or stayed in the program. Although somewhat vague of a question, we assume that all students would still be considered in school based programs, but we can identify 97 separately in the TAPP program, while the remaining 51 may have decided to stay in continuation while still receiving services (other than childcare). 95% of the pregnant minors utilize county programs like WIC, Medical, Social Workers, etc.

Comments regarding question 31:

Most advisors have carried over from past years, so training was not necessary. However we did train 13 new Health teachers to be certified in the TND training this school year.
