Comments regarding question 2:

Comments regarding question 4:

Two-hundred fifty-six students at SVUSD's continuation school were suppose to receive the Project TND curriculum in their Health class. Unfortunately, this objective was not met as Apollo's Health teacher has been out for the entire 2013-2014 school year. The teacher was supposed to return to work and was scheduled to teach the curriculum; however, she was unable to return to work.

Comments regarding question 6:

Comments regarding question 9:

Comments regarding question 14:

There was a delay in having students identify a tobacco-related service learning project. This occurred because RR CSI student participants select their service project a year in advance. Since this is a new grant term, this activity was unable to be implemented in the fall of 2013.

Comments regarding question 17:

I am unable to say with certainty that any student participants in the youth development activities described above identify themselves as LGBTQ.

Comments regarding question 27:

I am unable to say with certainty that any student participants in the youth development activities described above identify themselves as LGBTQ.

Comments regarding question 29:

The district continuation school struggled with the implementation of the TUPE program this year. This was a result of a lack of support the Site Coordinator received, issues with schedules, and lack of student participation.

Comments regarding question 31:

At one of the district's middle schools, the two TUPE Site Coordinators who co-facilitate the program were new this year. As a result, both of them received informal training from the District TUPE Coordinator in terms of General TUPE Information.
